INTERNATIONAL CONFERENCE ON NEXT-GENERATION COMPUTING AND SUSTAINABLE INTELLIGENCE (ICNGSI 2027)

A premier international forum for researchers, academicians, industry professionals, scientists, and research scholars to present innovative research, exchange ideas, and discuss emerging trends in next-generation computing and sustainable intelligent technologies.

ABOUT RVU

RV University (RVU) is a new-age university for liberal education based in Bengaluru, India. RVU has been established by Rashtreeya Sikshana Samithi Trust (RSST), which has over eight decades of legacy of excellence in higher education. RVU is a State Private University under the RV University Act, 2019. It has received all regulatory approvals from the Government of Karnataka as well as University Grants Commission (UGC).

The Mission of RSST and RV University is “Excellence in Education with Societal Commitment”. Since its inception, RVEI has evolved significantly with 27 institutions with more than 20,000+ students enrolled across different disciplines. RV University has established meaningful collaborations with reputed universities, institutes, and companies in India and around the world.

ABOUT SoCSE

The School of Computer Science and Engineering (SoCSE) focuses on making students ready for the future global careers through strong CS foundation with hands-on skills, specializations in disruptive technologies and 21st century skills such as problem-solving, critical thinking, communication, innovation, creativity, and entrepreneurship. This is achieved through project-based learning, international internships, interdisciplinary skills through various minors, community-based learning and focus on portfolio building and mentoring for leadership through learner analytics.

ABOUT THE EVENT

The **International Conference on Next-Generation Computing and Sustainable Intelligence (ICNGSI 2027)** is an international platform that brings together researchers, academicians, industry professionals, scientists, and students to share innovative ideas and recent research in the field of computer science and emerging technologies. The conference aims to encourage collaboration between academia and industry to address real-world challenges through advanced computing solutions.

ICNGSI 2027 focuses on recent developments in **Artificial Intelligence, Machine Learning, Internet of Things (IoT), Quantum Computing, Cloud and Edge Computing, Cybersecurity, Data Science, and Sustainable Computing**. The conference will feature keynote talks by renowned experts, technical paper presentations, panel discussions, and networking opportunities that promote knowledge sharing and interdisciplinary research.

All submitted papers will undergo a rigorous **double-blind peer-review process** to ensure high academic quality. Accepted and presented papers will be submitted for publication in the **Springer Communications in Computer and Information Science (CCIS)** proceedings series, subject to Springer's editorial policies and approval. ICNGSI 2027 aims to inspire innovative research and foster global partnerships for building intelligent, secure, and sustainable digital technologies.

CALL FOR PAPERS

The International Conference on Next-Generation Computing and Sustainable Intelligence (ICNGSI 2027) provides an international platform for researchers, academicians, industry professionals, and students to present innovative research and exchange ideas in next-generation computing and intelligent technologies. The conference focuses on areas such as Artificial Intelligence, Internet of Things, Quantum Computing, Cybersecurity, Data Science, and Sustainable Computing. It will feature keynote talks, technical paper presentations, special sessions, and networking opportunities to foster collaboration between academia and industry.

Conference Tracks

Track 1: Artificial Intelligence and Intelligent Systems

- Artificial Intelligence, Machine Learning and Deep Learning
- Generative AI and Large Language Models
- Natural Language Processing
- Computer Vision
- Explainable and Responsible AI

Track 2: Next-Generation Computing Technologies

- Quantum Computing
- High-Performance Computing
- Cloud, Edge and Fog Computing
- Distributed Computing and Green Computing
- Sustainable Computing Architectures

Track 3: Internet of Things and Smart Sustainable Applications

- Internet of Things (IoT) and Wireless Sensor Networks
- Digital Twins
- Smart Cities, Smart Healthcare and Smart Agriculture
- Industrial IoT

Track 4: Cybersecurity, Blockchain and Future Networks

- Cybersecurity and Privacy
- Blockchain Technologies
- Network Security
- Software Defined Networking
- 5G/6G Communication Networks

Track 5: Data Science and Intelligent Analytics

- Big Data Analytics
- Data Mining
- Predictive Analytics
- Business Intelligence
- Data Engineering
- Knowledge Discovery

Track 6: Sustainable Computing and Emerging Intelligent Technologies

- Sustainable AI
- Green ICT
- Robotics and Autonomous Systems
- Human-Centered Computing
- Industry 5.0
- AI for Sustainable Development Goals (SDGs)

Paper Submission

Authors are invited to submit original, unpublished, and high-quality research papers that are not under consideration elsewhere. All submissions will undergo a rigorous double-blind peer-review process by at least three independent reviewers.

Publication

Accepted and presented papers will be submitted for publication in the Springer Lecture Notes in Computer Science (LNCS) proceedings series, subject to Springer's editorial review, quality standards, and approval.

Important Dates

Event	Date
Paper Submission Deadline	30 January 2027
Acceptance Notification	15 February 2027
Camera-Ready Submission	30 March 2027
Author Registration	15 April 2027

Submission Guidelines

- Original and unpublished manuscripts only.
- Papers must follow the Springer CCIS formatting guidelines.
- All submissions will be checked using iThenticate.
- At least one author of each accepted paper must register and present the paper during the conference.

Who Should Participate?

Researchers • Faculty Members • Scientists • Industry Professionals • Engineers • Ph.D. Scholars
• Postgraduate Students • Innovators • Entrepreneurs

Join ICNGSI 2027 to share your research, connect with leading experts, and contribute to shaping the future of next-generation computing and sustainable intelligence
